ADDENDUM #1 TO  
MONTANA DEPARTMENT OF TRANSPORTATION  
INVITATION FOR BID  
#HWY-309544-RP

The purpose of this addendum is for the clarification of the plastic tape marking on the Epoxy Paint Striping Lewistown Division project. A new quantity sheet is attached, this new sheet must be using when turning in bids.

SPECIFICATION FOR WORK:

Contractor will provide all labor, materials, equipment, traffic control and anything else necessary to apply epoxy paint striping per contract information. The Contractor shall replace the existing stripes in kind unless otherwise directed by the Maintenance Chief.

The Contractor is to remove current preformed plastic tape markings, by way of sand blasting, located on the concrete portion of routes N-57 (Lewistown Urban), P-43 (1<sup>st</sup> Ave North) and U-7111 (1<sup>st</sup> Ave. South). The Contractor will furnish and install new retro-reflective preformed patterned pavement markings. The Contractor will use 3M Stamark Extended Season Tape Series 380I ES or its equal that are preformed markings capable of being adhered to the driving surface by a pre-coated pressure sensitive adhesive and a primer used to precondition the concrete pavement surface.

Removal of the current plastic tape markings, cleaning of the roadway surface, preparation of the roadway surface and application of the preformed plastic tape pavement markings will be in accordance with the manufactures recommendations and in accordance to MUTCD. Existing plastic tape pavement markings will replaced in kind, unless otherwise directed by the Maintenance Chief.

The specific brand and product bid to be identified with the Contractors bid. The manufacture's specifications including application recommendations or requirements to be supplied to the Maintenance Chief at the preconstruction conference.
